Zhyphen ECO Energy Storage System

Modular design allows for multiple batteries to be parallel connected; up to 16pcs to achieve the desired storage capacity from 4.9kWh to 78 kWh

Pre-wired
Easy Plug & Play Installation

Flexible Investment
4.9kWh Modular
Design, Scalable from
4.9kWh to 78kWh

Safe & Reliable
Lithium Iron Phosphate
(LFP) chemistry

Perfect Compatibility
Compatible with a wide range
of recommended Inverters

Zhyphen Cube (Single) configuration

1 x

(4.9kWh battery module)

4.9 kWh 3.92 kWh useable
(80% DoD)

2 x

(4.9kWh battery module)

9.8 kWh 7.84 kWh useable
(80% DoD)

Zhyphen Cube (**Double**) configuration

3 x

(4.9kWh battery module)

14.7kWh 11.75 usable
(20% DoD)

4 x

(4.9kWh battery module)

19.6kWh 15.68 usable
(20% DoD)

Zhyphen Cube (Triple) configuration

5 x

(4.9kWh battery module)

24.5 kWh 19.6 useable
(20% DoD)

6 x

(4.9kWh battery module)

29.4 kWh 23.5 useable
(20% DoD)
